

**The East Carolina Figure Skating Club** is a campus-based club dedicated to promoting figure skating throughout the ECU community. Our club is open to all ECU students, faculty and staff interested in figure skating - no skating experience is necessary. Figure skating is a fun exercise that will build muscles, increase your endurance and improve your coordination. In addition to the wellness aspect of figure skating, you will have the chance to be apart of a growing Pirate team that will represent our university in future competitions. We welcome experienced figure skaters to join our university in hopes of building an intercollegiate team to compete head to head with universities and colleges in our conference.

The club is an independent organization funded partly by East Carolina University.
